

## QUOTES

"Your data belongs to you. Always. No exceptions."

"We have no access to user data because we simply don't have it."

"OpenTracker started with a simple question: Why do I have to send my location data to third-party servers just to stay safe?"

"Our goal: A world where no one disappears without being found."

"Security shouldn't be a luxury – and privacy shouldn't be a compromise."

"We're not building a surveillance app. We're building a tool that gives people back control."

"The best cloud is the one that doesn't exist."

"Everyone traveling alone deserves a guardian angel in their pocket."

"Made in Europe means for us: GDPR is not an obstacle, it's our foundation."

"Other trackers ask: Where are you? We ask: Are you okay?"
